Subject: Region 7 Mine Sites Inventory

Dana,

Attached is our completed spreadsheet. As I indicated on the phone yesterday, we do not believe that any of our sites are analogous to the Gold King Mine site and do not pose a threat of catastrophic release. We have a lot of important site work ongoing at several sites and we believe this work can and should continue in order to address exposures. After reviewing the spreadsheet, let me know what additional information you might need.

Mary P. Peterson, Director
